FLOOR

AMERICAN OLEAN® PROVEN IN TILE®

### THEORETICAL BOLD™

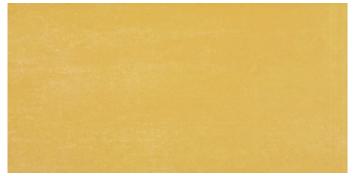

Theoretical Bold by American Olean<sup>®</sup> makes a splash in bright, spirited colors. Designed to complement the existing Theoretical<sup>™</sup> series, this collection features the same light graphic variation for visual depth and richness and can be used on floors or walls for an eye-catching pop of color. Available in six standout hues, Theoretical Bold is sure to turn heads.

Cover photo features Theoretical Bold Formula Blue 12 x 24 and Theoretical<sup>®</sup> Ideal Beige 12 x 24 on the floor and wall, with Theoretical Creative Gray 2 x 2 mosaic on the floor. Above photo features Theoretical Bold Formula Blue 12 x 24 and Theoretical Ideal Beige 12 x 24 on the wall.

#### APPLICATION NOTES:

Suitable for exterior applications in freezing and non-freezing climates, when proper installation methods are followed

#### NOTES

Since there are variations in all fired ceramic and natural products, tile and trim supplied for your particular installation may not match samples. Final confirmation should be made from actual tiles and trim prior to installation. Manufactured in accordance with ANSI A137.1 standards.

Not for use on ramps. Water, oil, grease, improper drainage and certain footwear can create slippery conditions. Floor applications expected to be exposed to these conditions require extra caution in product selection.

For additional information refer to "Factors to Consider" at: americanolean.com/Factors. Special consideration needs to be given when installing tiles greater than 15 inches. Please refer to americanolean.com/LargeTiles for more information

Special care should be taken when grouting with dark pigmented colors. A grout release is recommended to prevent finely powdered pigments from lodging in the pores of the surface. Use of a latex modified thin-set is recommended for installation.
